DIRECTOR

STEPHAN VOLLNER

CURRICULUM VITAE

STEPHAN VOLLMER

At the age of barely 18, Stephan shot his first commercial for C&A "Young Collections" and started his career as one of Germany's youngest Directors ever. His first feature film ("One Way") received a number of awards, including Germany's prestigious "Award of Excellence".

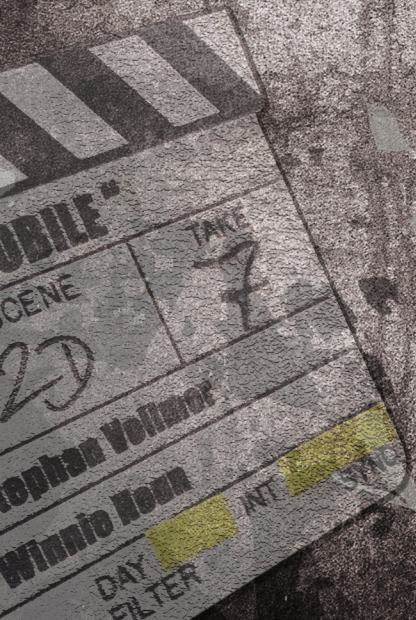

Stephan loves putting people into the limelight and telling catchy stories at the same time. Brief, to the point, snappy and always authentic.

Stephan's strength is his enthusiasm for everything he does, his ability to cast and direct people in front of the camera gently to get excellent performances and, last but not least, his keen instinct for natural beauty.

Consequently, the focus of his work is somewhere between storytelling, comedy, vfx and beauty.

Stephan's style is at once slick and hypnotic, bold and harsh, beautiful and pure, mesmerizing and expressive.

With his sense of humour and his open mind, Stephan creates a relaxed working atmosphere and turns each project he works on into a total joy for all concerned.
